“Ice” Lantern

Supplies you will need:

- Glass jar
- Mod Podge
- Small disposable cup for Mod Podge
- Foam Brush
- About 1/8 cup of Epsom salt
- Ribbon and other decorative elements
- Battery tea light
- Scissors (for ribbon)
- Sheet of scratch paper

Instructions:

1. Squirt some Mod Podge into the cup.
2. Paint a THICK layer of Mod Podge onto the jar.

3. Pour out the Epsom salt into a line on a sheet of paper.

4. Roll the jar in the Epsom salt so it sticks into the Mod Podge.

5. Let the jar dry for about an hour.

6. If desired, add a ribbon and sprig of faux berries/boughs to jar.

7. Add a battery-operated tea light. (Do not use a candle with a real flame with the ribbon and decoration attached.)
