3D Paper Ornament / Pop-up Card

You will need:

- Ornament shape template
- Assorted cardstock or colored paper
- Glue/Glue Stick
- Pencil
- Scissors
- Optional: String

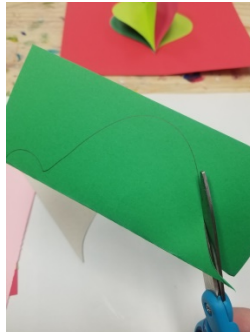

Instructions:

1. Fold the paper in half so that your ornament template will fit along the folded edge.

2. Place the template along the folded edge and trace the shape. Cut it out carefully.

3. Trace and cut 4-6 symmetrical ornament shapes for each finished ornament you want to make.

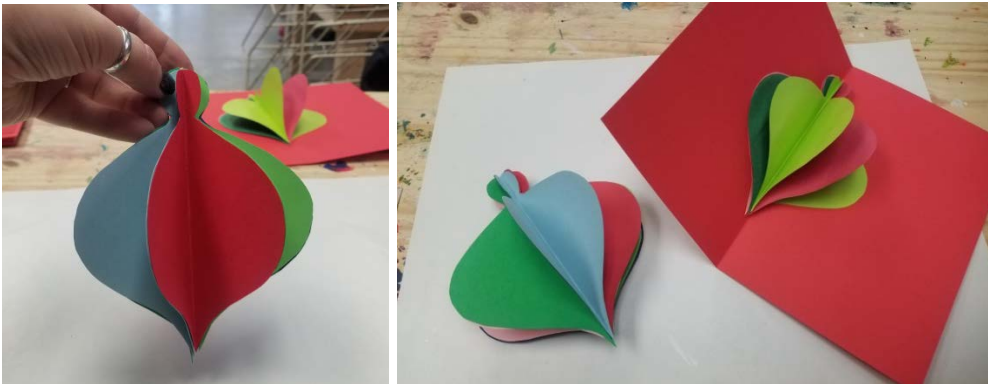

4. Glue the outside folded edge of one ornament shape to the outside folded edge of the next ornament shape. Repeat this step for each piece.

5. Glue your paper ornament to the inside fold of a card to make a pop-up.

6. OR hang it from some string.
